AUTOMARK® - MATTE OVERLAMINATING FILM

clear 200-5002 permanent acrylic adhesive on a bleached kraft 80 gsm over laminate liner. This vinyl film offers protection from ultra violet radiation, moisture and other environmental exposures. It is laminated by the cold laminating process without the addition of heat.

Applications	240 Series matte overlaminating vinyl film is designed to protect digital image prints and screen printed images for vehicle wraps and graphics, exhibit and display graphics. Can be used in most instances where an UV overlay with a matte finish is required. 240 series is recommended for use with 230 Series AutoMark wrap media.
