# TEXstyle Curved Tension Fabric Display
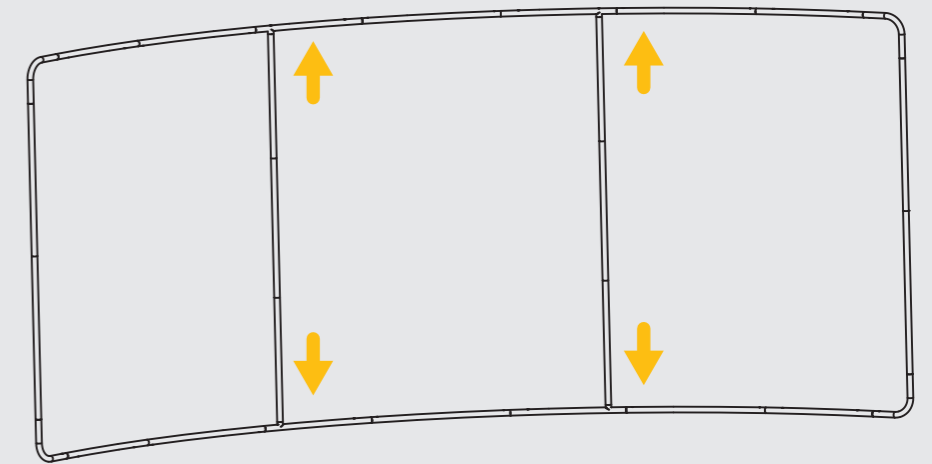

**1** Straighten and assemble all the bungeed poles.

2 Match numbers together to correctly connect the bungeed poles with corners.
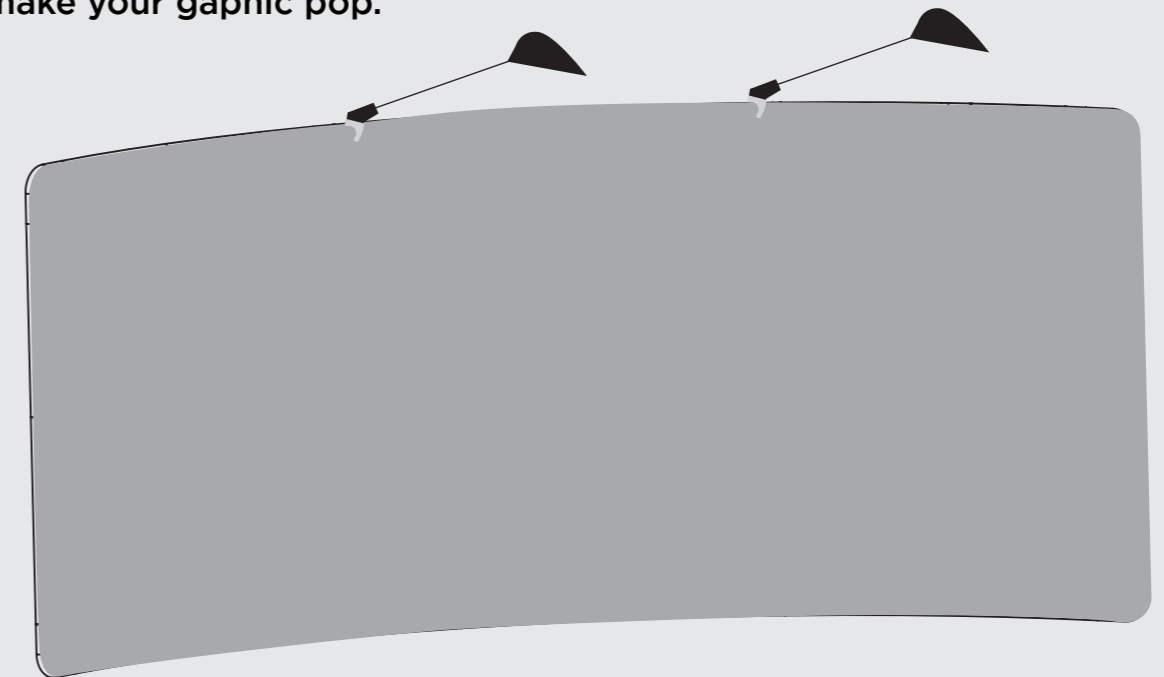

3 Connect the support bars.

4 Simply pull the pillowcase-like graphic over the frame.

5 Zip up the graphic. Additional LED lights can be added to make your gaphic pop.

⚠️ Disassemble in the reverse order.
Caution: To avoid the graphic from wrinkling, ensure it is folded neatly and carefully stowed in the bag.
