The fire ratings and certificates provided by our organisation apply exclusively to unprinted media. Any modifications, such as printing or additional treatments, void the supplied certificate and may affect the performance and compliance of the media. It is the responsibility of the end user to ensure that the specified certificate is applicable to their particular application. Please consult the relevant standards or a qualified professional to confirm suitability for your intended use.

We operate a policy of continuous improvement and we reserve the right to alter products and specifications to reflect this without prior notice. Any information given either verbally or in writing is approximate only and given in good faith and does not constitute terms or part of any contract. We do not accept liability for variance including direct, indirect or consequential loss. The customer is deemed to have determined the suitability of the product for the use intended and assumes all associated risks and liabilities in connection with specifying, using or being unable to use any of the products.
